

Far West Repeater Association

P.O. Box 3381 Eureka, Ca. 95502-3381

Please Join the Far West Repeater Association!

The FWRA maintains 5 linked repeaters in Humboldt County, California. The repeaters are open to all licensed Amateur Radio operators. Because the repeaters are linked, a ham in Willow Creek can easily talk to a ham in Southern Humboldt – even with very low power. As long as you can make a good contact with the repeater nearest you, you can talk to anyone else on the system throughout Humboldt County. Users of these repeaters include members of the Humboldt Amateur Radio Club, the Redwood Amateur Radio Club in Fortuna, and the Southern Humboldt Amateur Radio Club in Garberville.

- Mount Pierce 146.760 (-600) 103.5 (Scotia, California)
- Pratt Mountain 146.610 (-600) 103.5 (Garberville, California)
- Horse Mountain 147.000 (+600) 103.5 (Willow Creek, California)
- Humboldt Hill 146.700 (-600) 103.5 (Eureka, California and the Humboldt Bay region)

There's a weekly FWRA Net on Wednesdays at 7:30pm local time. The Net is accessible through any of the repeaters. The membership roster is called by the Net Control Operator, and members have a chance to checkin. This is a good opportunity for new hams to test their equipment, start to get their feet wet, and get to know other hams from around Humboldt County. Visitors (non-members) can check in after the roster is called. As you can imagine, the replacement of components and maintenance of this system is quite costly. We encourage you to become a member of the FWRA so that you can be a more integral part of the Humboldt County Amateur Radio Community.

The funds generated by memberships are critical to the existence and maintenance of the FWRA system. The cost is only \$25 a year for an individual, and \$30 for a family. Please fill out the form below and detach it. Mail it, along with your Membership Fee, to:
